

Nursery, Language Unit, Pre-School Language Class and Forest School

---

Dear Parents / Carers,

As we enter another uncertain time with Covid and with another national lockdown looming on Thursday, it is more important than ever that we work together for the safety of our community.

A sincere thank you to all those Parents / Carers who always do the right thing in wearing a mask, arriving in the correct time slot, queuing up on the left and not blocking the pavement etc.

However, increasingly we are having complaints about a persistent group of Parents/ Carers who do not wear a mask (who are not exempt), who smoke in the line and who congregate in a group opposite the school gate and a couple of Parents/ Carers who use bad language on the back playground in earshot of our children. This is not acceptable behavior and we please ask that you abide by the rules.

The situation with regards to parking in Matchborough Way is becoming intolerable and our staff are asking drivers not to park on the grass verges, on zig zag or double yellow lines and are now being met with verbal abuse. Once again I have asked for help with this from the local Council and Police.

I ask you all to remember this is other Parents/ Carers who are making the situation unsafe for all !! I kindly ask that you are courteous to staff and to each other and park safely for the safety and welfare of all our children.

Thank you in anticipation of your co-operation.

Yours sincerely,

Jackie Harris  
Headteacher
