Dear Parents/ Carers,

The pressure for places is very high for Key Workers. Please remember that school should be the last resort and if there is anyone at home, the children should stay there - 'Home is the safest place for all!'.

We now have a waiting list for places. It is very hard as a school to tell a single parent who is a key worker that they are unable to have a place when we know that in some families - one of the parents is at home. If you do re-consider and are able to educate your child at home - please do so and would you please let us know straightaway.

With kind regards,

Miss J Halion
Deputy Headteacher
