

Vocabulary I understand and can use these words:

<u>Digital literacy</u>		<u>Information technology</u>	<u>Computer science</u>	
internet	tablet	document	instructions	Programmable robot
safety	screen	italics	design	app
world wide web	online	format	action	click events
keyboard	microphone	font	algorithm	code
mouse	Interactive whiteboard	tools	program	coding
mobile phone	username	bold	start events	run
laptop	password	underline	predict	execute
permission				

Skills I can:

Login to a laptop with adult support	Write a simple sentence on the computer	Follow simple instructions offline
Find information on the Internet as a class about my topic	format the font in a word document (size, colour, use bold or italics and underline)	Control a programmable robot
	Use simple tools to create a picture (pencil, eraser, fill tool, brushes)	Write code to make an onscreen object move
	Save work with support from an adult	Write code using start events and click events
	Take photos using a camera or tablet	

I could create my own game using the skills I have learnt using free code and use my knowledge to teach my peers

Knowledge I know:

What to do if I feel sad or worried online (self image)	How to behave online in ways that do not upset others (online bullying)	How passwords are used to protect information, accounts and devices (privacy and security)
I need to ask permission and why this is important (online relationships)	How to find information online including safe search (Managing online information)	What personal information is and to always ask a trusted adult before sharing (privacy and security)
People's opinions online may not be the same as others (online relationships)	That things I see online are not always real (managing online information)	Why work created using technologies belongs to me and how to save my work (copyright and ownership)
That information can stay online and be seen by others (online reputation)	Rules to keep safe online and out of school including SMART rules (health, wellbeing and lifestyle)	The names of the parts of a computer https://www.bbc.co.uk/bitesize/topics/zh1gqcs/articles/z3m1jucw AND Which devices use the internet Mobile phone, tablet, games consoles, watches, laptop/computer
